26720

Monitor stand

Product variant

26720-022-55 - black

Data

Base diameter	690 mm
Bearing plate	205 x 245 mm
EAN	4016842118694
Gewicht	4.68 kg
Height	from 677 to 1,132 mm
Height adjustment	locking screw and safety hook
Leg construction	firmly screwed-in base tubes
Material	steel
Max. load capacity*	35 kg
Number of legs	3
Quality level	Topline
Rod combination	2-piece folding design
Special features	internal cable routing possible; support plate with rubber bumps; for stationary use
Type	black

Functional floor stand for near-field monitors and speakers. The solid and well-designed steel construction impresses with its enormous stability and holds your speakers securely in the desired position. The flat tripod construction with large rubber pads ensures acoustic decoupling and a wobble-free stand. The support plate with self-adhesive rubber bumps measures 205 x 245 mm. For the optimal listening height, you can choose six levels between 677 and 1132 mm. The slim clamp with safety hook is easy and comfortable to use. Alternatively, the cables can be routed inside the tube (without connector). A load capacity of 35 kg is possible when the load is centred.
