Type	black
Width	from 120 to 245 mm
Price display	
Screw-on to	tube diameter 30 mm
Depth	von 5 bis 15 mm

With this universal holder, your digital device is always within reach. The holder is equally suitable for smartphones and tablets. The clamping width ranges from 120 to 245 mm and with a depth of 15 mm, the electronic devices can also be used with a thick cover or case. Operation is quick and easy. Simply pull the rubber-protected clamping jaws apart and tighten with spring force. Thanks to the ball joint, the holder can be tilted up and down and rotated through 360°. The flexible mounting arm provides additional individual positioning. A sturdy clamping element with user-friendly wing nut enables quick installation on any tube from 10 to 30 mm in diameter.
