14960

Bass saxophone stand

Product variant

14960-000-55 - black

Technical Data

Adjustment	spring-loaded clamping knob
Base dimensions	430 x 400 mm
EAN	4016842119820
Height	from 630 to 890 mm
Instrument support	non-marring slip-proof material
Material	steel
Musikinstrument	bass saxophone
Rod combination	2-piece folding design
Size when folded	685 x 410 x 150 mm
Special features	adjustable end cap to stabilize the stand on uneven surfaces
Suitable for	bass saxophones
Type	black
Weight	3.2 kg

Extremely stable folding stand for holding heavy bass saxophones. Thanks to a variety of adjustment options, the stand is suitable for a wide range of sizes and models. For example, the distance between the two rubberized, protective instrument supports can be selected from 70 to 880 mm. The solid steel construction with the durable powder coating is easy to handle and therefore ideally suited for rehearsal room, studio or mobile use. An adjustable end cap also ensures a wobble-free stand.
