Adjustment	continuous adjustment range of 3.5 mm
Price display	
Dimensions diameter	33.5 x 14 mm

This set includes two precision-engineered leveling feet designed for retrofitting K&M base plates on speaker and lighting stands. They allow ultra-fine, continuous compensation for uneven floor surfaces of up to 3.5 mm, ensuring exceptional stability and a perfectly wobble-free setup. Once installed, the leveling feet remain permanently and securely attached, eliminating any risk of loss.
