With this universal holder, your smartphone is always within reach. The holder is suitable for all flat devices with a width of 55 to 85 mm and a height of 130 to 180 mm. The depth of 15 mm is also suitable for smartphones with a thick cover or case. The operation is quick and easy. A quick-release button on the back with a latching mechanism unlocks the rubberized clamps and the smartphone can be easily removed. Thanks to the ball joint, the holder can be tilted up and down and rotated 360°. The flexible support arm provides additional individual positioning. A sturdy clamping element with user-friendly wing nut enables quick mounting on any tube with a diameter of 10 to 30 mm.
