Innovative orchestra music stand with infinitely variable height adjustment (friction lock). To adjust the support height, from 678 to 1,250 mm, the tube combination is simply pushed apart or back again. For large, heavy music books weighing more than 2.5 kg, the height can be additionally secured by tightening the clamping sleeve. The large metal music desk measures 500 x 320 mm and is covered with a robust textured coating. The tilt of the music stand desk is also infinitely adjustable and large impact sound-absorbing rubber end caps ensure a safe and stable stand. Thanks to the retractable foot construction, the music stand is ideally suited for transport.
