Height	from 653 to 1,185 mm
Type	black
Music desk dimensions	500 x 320 mm
Leg construction	leg base screwable
Angle of inclination	0° to 85°
Price display	
Special features	Friction Lock: Quick height adjustment by push and pull
Connection stand/plate	screw connection
Quality level	

Stylish orchestra music stand with infinitely variable height adjustment (friction lock). To adjust the support height, from 653 to 1,185 mm, the tube combination is simply pushed apart or back again. For large, heavy music books weighing more than 2.5 kg, the height can be additionally secured by tightening the clamping sleeve. The solid polycarbonate music desk is extremely light and yet impact and scratch resistant. Writing instruments are perfectly stored in the recess and are always handy. The tilt of the music stand desk is also infinitely adjustable. Another feature are the large rubber end caps, which ensure a secure stand. The flat foot construction is extremely space-saving and can be unscrewed for transport.
