KÖNIG & MEYER
Stands For Music

26009

Base plate

Product variant

26009-000-56 - structured black

Technical Data

Diameter	300 mm
EAN	4016842109647
Height	40 mm
Material	grey cast iron
Special features	full circle anti-vibration rubber damping ring for noise filtration
Threaded connector	M20 x 1.25 mm
Type	structured black
Weight	4.34 kg

Extra heavy cast iron base with 300 mm diameter. The threaded connector M20 x 1.25 mm fine thread is suitable for all K&M microphone stands with round base. A circumferential rubber ring absorbs the impact sound and reduces unwanted transmission noise. Powder-coated black structure.
