------------------	---

Leg construction	collapsible square tube legs
------------------	------------------------------

Quality level

Height	from 1,240 to 1,940 mm
Material	steel
Tube end(s)	diameter 35 mm

The footprint of this unique speaker stand is especially flat making it particularly useful when space is restricted. The stable speaker stand is an ideal solution for the ambitious solo entertainer or professional event technician. Metal connectors and tubing give the stand a very sturdy character. Adjusting the height of the stand is easy and reliably secure with K&M's tried-and-tested locking bolt system. Integrated shock absorbers, a safety device and the practical mounting aid are extras which are standard on König & Meyer's speaker stands.
