

26750

Speaker stand

Product variant

26750-022-55 - black

Technical Data

Leg construction	round cast-iron base
Visibility	
Special features	mounting aid included; speaker will be fixed with flange adapter
Height	from 930 to 1,430 mm
Rod combination	2-piece folding design
Type	black
Base diameter	450 mm
Height adjustment	locking screw and safety hook
*	With centric loading, on a horizontal surface and without lateral forces (wind, shocks etc.)
Max. load capacity*	35 kg
Price display	
Quality level	
Material	steel
Tube end(s)	diameter 35 mm

Space-saving speaker stand with a large, flat cast-iron base (ø 450 mm). The solid steel construction impresses with its stability and supports speakers weighing up to 35 kg when the load is centred. For optimal sound reinforcement height, 100 mm steps can be set between 930 and 1430 mm. The slim clamp with safety hook is easy and comfortable to use. The end tube has a diameter of 35 mm and is therefore suitable for all corresponding flange bushings. The range of applications can be extended with a variety of accessories such as a projector tray (26747), mounting adapter (19580), etc.
