Stands For Music

26776

Tiltable desktop monitor stand

Product variant

26776-000-55 - black

Technical Data

Angle of inclination	0° to 12.5°
Base dimensions	250 x 210 mm
Bearing plate	230 x 250 mm
EAN	4016842117017
Height	from 350 to 450 mm
Height adjustment	locking screw and safety hook
Leg construction	flat steel plate
Material	steel
Max. load capacity	25 kg
Quality level	
Special features	4 rubber pads each for base and bearing plate provide for stability and noise filtration; bearing plate can be moved to optimize the center of gravity; stop bar prevents the monitor from slipping down
Type	black
Weight	4.2 kg

Height-adjustable desktop stand with tilt support. The solid metal construction with the large support plate (230 x 250 mm) is suitable for a wide range of monitors and other equipment in the same size range. The plate can be continuously tilted up to 12.5° and can be moved to optimise the centre of gravity. A stop bar ensures the necessary safety and prevents the monitor from slipping. Four felt-covered support pads provide decoupling under the base plate. The individual height can be adjusted in 4 steps between 350 and 450 mm. In terms of load capacity, the stand can be centrally loaded up to 25 kg. Rubber pads are included for secure, noise-insulating support of the monitors.
