

26777

Clamping desktop monitor stand

Product variant

26777-000-55 - black

Technical Data

Clamping range	6 to 52 mm
Visibility	
Bearing plate	205 x 245 mm
Max. load capacity	25 kg
Type	black
Height adjustment	locking screw and safety hook
Price display	
Special features	4 rubber pads for bearing plate provide for stability and noise filtration; bearing plate steplessly rotatable 360°
Height	from 335 to 485 mm
Quality level	
Material	steel

Height-adjustable monitor stand with table clamp for near-field monitors. The solid metal construction with the large support plate (205 x 245 mm) is suitable for a wide range of monitors and other equipment in the same size range. A practical table clamp allows it to be attached to tabletops with a thickness of 6 to 52 mm. The individual height adjustment is possible in 6 steps between 335 and 485 mm. In terms of load capacity, a centric load of up to 25 kg is possible. The support plate can be rotated 360° for perfect alignment. Rubber pads are included for secure, noise-insulating support of the monitors.
