Technical Data

Height	250 mm
Visibility	
Diameter	35 mm
Type	black
Price display	
Material	steel
Tube end(s)	threaded bush M20, threaded bolt M20

For speaker-satellite systems. The short 250 mm adapter is perfectly suited as a single rod or as an extension rod. The adapter with a tube diameter of 35 mm has a M20 male threaded bolt on the one end and a M20 female thread on the other end. With the adapter the rod can be expanded to any length.
