EAN	4016842101597
Height	from 605 to 1,055 mm
Height adjustment	spring-loaded clamping knob
Material	steel stand, tabletop MDF
Max. load capacity	30 kg
Special features	levelling end cap to stabilize the stand on uneven surfaces; flat and user-friendly package
Type	black
Weight	12.2 kg

Professional DJ desk for stationary and mobile use. The spacious tabletop with dimensions of 1,100 x 455 mm provides room for a wide range of studio and DJ equipment. Thanks to the four quick-release clamps, the tabletop can be mounted or removed quickly and easily. The robust frame made of steel tubes provides the necessary stability. In addition, an adjustable end cap guarantees a wobble-free stand. The height can be adjusted in 30 mm steps from 605 to 1,055 mm by means of spring-loaded locking bolts. For mobile use, the two base frames and the support tubes can be dismantled and, together with the frame and the top, offer a flat and user-friendly package.
