Large folding event table for the professional DJ and many other uses. The 1,170 long and 600 mm wide tabletop offers plenty of space for all kinds of equipment and accessories. With a thickness of 25 mm, the MDF top can bear a load of up to 30 kg. The perfect working height is adjusted in 15 mm steps between 625 and 1,045 mm. For transport or space-saving storage, the two feet are folded in without further ado. The sturdy tubular steel construction and the large round levelling end caps give the practical table a very high level of stability and a secure stand.
