| <b>Max. load capacity</b>     | 5 kg                          |

The convenient and comfortably sized laptop rest of 400 x 290 mm is large enough to hold notebooks, laptops or similar products in a range of sizes. The V-shaped connector means the laptop rest can be quickly detached for transport. Its angle can also be altered to any position with the clamping lever. The stable 3-legged base section folds compactly.
