Speaker stand »Easy Lock«

Product variant

26733-000-55 - black

Technical Data

*	With centric loading, on a horizontal surface and without lateral forces (wind, shocks etc.)
Base dimensions	489 x 489 mm
EAN	4016842119431
Height	from 1,130 to 1,830 mm
Height adjustment	locking screw and safety hook
Leg construction	flat steel plate
Material	steel
Max. load capacity*	35 kg
Quality level	
Rod combination	2-piece folding design
Special features	includes two height-adjustable feet for exceptional stability on uneven surfaces; patented expanding mandrel system »Easy Lock«; vibration-free connection due to moveable plastic splints
Tube end(s)	»Easy Lock« diameter 35 to 37 mm
Type	black
Weight	13.6 kg

Attractive speaker stand with flat steel plate, useful carrying handle, cable management and four sturdy feet. Two of the feet are also height-adjustable, allowing continuous compensation for uneven floor surfaces of up to 3.5 mm. This ensures exceptional stability and a perfectly wobble-free setup at all times. The stand is ideally suited for use where space is at a premium. The height is fixed with a safety hook and secured by a clamping screw for a vibration-free and firm fit. The slim design of the clamp allows space-saving transport and ensures a stylish appearance. The usable height is between 1,130 and 1,830 mm and is adjusted in 5 steps of 140 mm. The patented expanding mandrel with quick-release fastener ensures a tight fit of the speaker cabinet. The plastic expanding splints also ensure a vibration-free connection between the speaker and the tube. The maximum load capacity at full extension is 35 kg.
