Smartphone holder

Product variant

19761-000-55 - black

Technical Data

EAN	4016842121557
Material	plastic
Screw-on to	tube diameter 30 mm
Special features	particularly suitable for smartphones, flat devices and MP3 players; operating elements are not impaired in their function; freely rotates 360°; flexible holding arm for individual alignment
Type	black
Weight	0.22 kg
Width	from 45 to 90 mm

With this universal holder, your smartphone is always within reach. The holder is suitable for all flat devices with a width of 45 to 90 mm. The operation is quick and easy. Insert smartphone - press clamping jaws together - done. The device is released again at the touch of a button. The clamping jaws with integrated rubber pads guarantee a secure hold. The movable supports can also be folded away completely if necessary. Thanks to the ball joint, the holder can be tilted up and down and rotated through 360°. The flexible support arm provides additional individual positioning. A sturdy clamping element with user-friendly wing nut enables quick installation on any tube with a diameter of 10 to 30 mm.
