Suitable for tubing diameter of 35 mm

Type black

Price display

Special features with the help of this adapter you can easily balance out uneven surfaces, stairs, steps or sloped surfaces of max. 200 mm; if the surface is even, you simply leave the adapter in the initial position on the speaker foot

Material steel

Height 892 mm

Diameter 40 mm

With the help of this adapter, you can compensate for uneven floors, stairs, steps or sloping positions in no time at all. The leveling leg is mounted one-time on one of the speaker stand legs and secured with a clamp. The required length is infinitely variable and allows a height adjustment of max. 200 mm. If no leveling is required, the adapter simply remains in the initial position on the speaker stand base.
