Quality level

The versatile set consists of the world-renowned 18963 keyboard stand and the attractive 18905 tabletop with carbon-look coating. The double-braced keyboard stand with integrated floor leveling ensures a stable and secure stand. The tabletop with the dimensions 450 x 1,100 mm offers enough space for controllers, mixers, laptops, synthesizers, etc. Assembly is easy to accomplish. The robust MDF tabletop is simply slid onto the keyboard stand and centered. No further fixing is required.
