|---------------------------|-------------------|
| <b>Material</b>           | steel             |
| <b>Dimensions</b>         | 406 x 406 x 23 mm |
| <b>Type</b>               | structured black  |
| <b>Threaded connector</b> | M20               |

Heavy and solid base plate for all standard distance rods and rod combinations with M20 threaded bolts. An ergonomic carrying handle, a cable management and four sturdy feet are further useful features. Two of the feet are also height-adjustable, allowing continuous compensation for uneven floor surfaces of up to 3.5 mm. This ensures exceptional stability and a perfectly wobble-free setup at all times. The dimensions are 406 x 406 mm, with a weight of 7.4 kg.
