Price display

Material	steel
Type	structured black
Dimensions	489 x 489 x 23 mm
Threaded connector	M20

Heavy and solid base plate for all standard distance rods and rod combinations with M20 threaded bolts. Depending on requirements, there are three ways to position the column. In addition to the centric and off-center position, the rod combination can also be mounted in the corner. An ergonomic carrying handle, a cable management and four sturdy feet are further useful features. Two of the feet are also height-adjustable, allowing continuous compensation for uneven floor surfaces of up to 3.5 mm. This ensures exceptional stability and a perfectly wobble-free setup at all times. The dimensions are 489 x 489 mm, with a weight of 10.7 kg.
