Speaker stand

Product variant

26729-000-55 - black

Technical Data

*	With centric loading, on a horizontal surface and without lateral forces (wind, shocks etc.)
Base dimensions	406 x 406 mm
EAN	4016842122745
Height	from 1,110 to 1,810 mm
Height adjustment	locking screw and safety hook
Leg construction	flat steel plate
Material	steel
Max. load capacity*	18 kg
Quality level	
Rod combination	2-piece folding design
Special features	includes two height-adjustable feet for exceptional stability on uneven surfaces; mounting aid included; integrated shock absorber; gradual height adjustment system; depending on the requirements, there are three ways to position the distance rod
Tube end(s)	diameter 35 mm
Type	black
Weight	10.1 kg

Attractive speaker stand with flat steel plate (406 x 406 mm), useful carrying handle, cable management and four sturdy feet. Two of the feet are also height-adjustable, allowing continuous compensation for uneven floor surfaces of up to 3.5 mm. This ensures exceptional stability and a perfectly wobble-free setup at all times. The stand is ideal for use where space is at a premium. Depending on requirements, there are three ways to position the stand column. In addition to the centric and off-center position, the rod combination can also be mounted in the corner. The height is fixed with a safety hook and secured with a low-noise, backlash-free clamping screw. The slim design of the clamp enables space-saving transportation and ensures a stylish appearance. The usable height is between 1,110 and 1,810 mm and is adjusted in 4 steps of 175 mm. The maximum load capacity when fully extended is 18 kg.
