Special features	large castors (diameter 75 mm) and integrated brake
Suitable for	flat screens from 42" to 100"
Type	structured black
Weight	14.83 kg

Mobile use with high stability and convenient operation are the special features of this impressive TV monitor stand. The universal mount allows mounting in accordance with the VESA standard for flat TV screens from 42" to 100". Two rails are screwed onto the back of the screen and then simply hooked onto the stand. Height adjustment between 572 and 822 mm is carried out in steps using an ergonomic locking screw. The tilt can also be adjusted in steps of up to 70°, ensuring an optimum viewing angle at all times. Thanks to the large castors with diameter 75 mm and integrated brake, the stand is extremely mobile and can therefore be positioned quickly and easily.
