The stylish and slim microphone arm has a threaded connection in 3/8" or 5/8" and is equipped with an innovative table clamp that enables fast and flexible positioning of microphones in studios or multimedia work environments. Thanks to the integrated cable management, the cables are stowed in the cable channel to save space and remain invisible. Microphones weighing up to 1 kg are held easily in any desired position. The clamp, which covers a clamping range of 3 to 50 mm, offers a wide range of mounting options. The scope of delivery also includes a table flange that enables stationary mounting.
