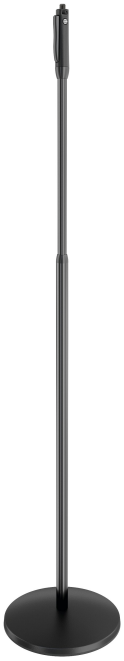
26200

One-hand microphone stand »Elegance«

Product variant

26200-300-55 - black



Technical Data

Rod combination	2-piece folding design
Quality level	
Leg construction	round base
Visibility	
Type	black
Award	26200_DDBD_Siegel_nominiert|https://www.k-m.de/brand/en/elegancenominated-for-german-design-award/,26200_reddot|https://www.k-m.de/brand/en/elegance-honored-for-excellent-design-quality/
Special features	knurled screw is impossible to lose; silent and smooth height adjustment; stable, lightweight round steel base with plastic cover; circumferential rubber profile reduces undesirable vibration and footfall noise
Price display	
Height adjustment	one-hand clutch
Material	rod combination made from aluminum, handle bar zinc die-cast
Height	from 1,055 to 1,735 mm
Threaded connector	3/8"
Base diameter	275 mm

The new star in your show!
The avant-garde, one-hand microphone stand is setting new standards in design and function. The elegant combination of triangular-shaped sections and the new design of the slender one-hand adjustment mechanism go harmoniously with standard microphone clips and microphones. The integrated knurled screw is impossible to lose and makes tightening and positioning the microphone clip easy. The stand's simple elegance loses nothing by the addition of König & Meyer's classic swivel arm. The height of the stand can be adjusted soundlessly, simply and easily using the unique one-hand clutch. The stand is significantly lightweight, but nonetheless stable due to the ingenious round base with an integrated steel plate with an attractive plastic cover. The base's circumferential rubber profile reduces undesirable vibration and footfall noise even when the stand is tilted far over to the side. Damage to flooring (e.g. parquet) is also prevented.
