| Price display      |                                                                                                                                              |
| Screw-on to        | tube diameter 30 mm                                                                                                                          |
| Material           | steel                                                                                                                                        |
| Threaded connector | 3/8"                                                                                                                                         |

The robust clamping element with the ergonomic clamping screw provides for a quick and easy mount to tubes with a diameter of up to 30 mm. Thanks to the 3/8" screw all K&M iPad holders or Tablet PC holders can be mounted easily. Alternatively, an additional microphone or other accessories (with 3/8" threaded connector) can also be mounted.
