Visibility	
Type	black, with 3/8" threaded connector, without bearing plate
Wall plate	95 x 95 mm
Bearing plate	x mm
Mounting	attaches to walls and ceilings
Price display	
Max. load capacity	10 kg
Material	steel
Special features	also suitable as ceiling mount
Threaded connector	3/8"

The practical wall and ceiling mount for smaller loudspeakers has been upgraded. A new feature is a cable outlet, which now provides an internal cable guide for hidden installations. Thanks to two special threaded pins and the Allen wrench / hexagon key included in the delivery, the universal joint can be positioned and set exactly. As such the load capacity increases to 10 kg. The wall distance has been reduced to 160 mm.
