12271

Music stand light »Twin Head Pro«

Product variant

12271-000-55 - black

Technical Data

Clamping range	up to 25 mm
Connection	electric cable 3 m
EAN	4016842116430
Electrical connection data	110 V to 240 V AC 50Hz - 60Hz
Intensity	2 x ~2,500 lux
Light positioning by	goosenecks
Lighting appliance	2 x 6 LEDs
Material	plastic
Power supply	battery operation 3 x Mignon (AA) 1.5 V or mains power with power unit
Size when folded	175 x 170 x 60 mm
Special features	newest LED technology; brightness dimmable: warm white light; both light heads work individually; batteries and power adapter included
Type	black
Weight	0.33 kg

This is the enhancement of the successful model »Twin Head«. The extremely flexible and extra-long goosenecks allow the musician to set a focussed or a diffuse light. Each head contains a "six-pack" of LEDs that can be operated independently from each other. The latest LED technology produces a pleasant warm white light source with approx. 3000 Kelvin. The brightness can be dimmed via a convenient rotary knob. The long durability and minimal energy consumption are further highlights. A handy clip enables convenient mounting on music desks up to 25 mm thickness. The attractive light can be operated either with battery or power supply and thus offers plenty of individual application options. The power supply unit with integrated USB port as well as 3 batteries (AA) are included in the delivery.
