Microphone stand »Large«

Product variant

26050-300-55 - black

Technical Data

Rod combination	2-piece folding design
Leg construction	round base
Visibility	
Special features	significantly lightweight, but nonetheless stable due to the ingenious round base with an integrated steel plate with an attractive plastic cover; circumferential rubber profile reduces undesirable vibration and footfall noise
Type	black
Height adjustment	clutch
Price display	
Quality level	
Material	steel
Height	from 1,050 to 1,750 mm
Threaded connector	3/8"
Base diameter	275 mm

Microphone stand with extra-long extension for studio, stage or rehearsal room. The sturdy rod combination reaches a max. height of 1750 mm and is thus ideally suited even for the "tallest" musicians. The large round base scores with clear shapes and sophisticated functions. A circumferential rubber ring prevents unwanted vibration and footfall noise. The combination of visually appealing plastic cover and integrated metal plate ensures excellent stability.
