patented expanding mandrel system »Ring Lock«;
vibration-free connection due to moveable plastic splints;
for precise and vertical fit
»Ring Lock« diameter 35 to 37 mm, threaded bolt M20
black

Short steel tube for connecting satellite systems. Top with unique, patented expanding mandrel for a tight and backlash-free fit of the speaker. The plastic expansion jaws ensure a low-resonance connection between speaker and tube. Easy handling by means of clamping ring. Bottom with M20 threaded bolt for screwing into mounting plate 24116.
