Weight	10.6 kg

Stable poster display stand for commercial areas such as hospitals, doctor's surgeries, hotels and restaurants, schools, event halls or retail. Perfectly suited for individual positioning in the entrance or waiting area. Heavy and flat cast iron base with an installation area of  $\varnothing$  450 mm and protective felt pads. The board in DIN A 3 format (297 x 420 mm) is made of powder-coated metal and is hygienically easy to clean. To attach the information and posters, 8 power magnets are included in the delivery. For possible transport, the base can be unscrewed in no time at all.
