### Product variant

80398-032-76 - pure white, ø 32 mm

### Data

<b>Dimensions</b>	155 x 105 x 72 mm
<b>EAN</b>	4016842115990
<b>Material</b>	steel
<b>Special features</b>	operation by forearm or elbow; mounting material included
<b>Type</b>	pure white, ø 32 mm
<b>Weight</b>	0.3 kg

Useful extension for the disinfectant stands 80320, 80350 and 80360. With the holder, disinfectant bottles can be mounted directly on the stands. The holder has a size of ø 32 mm. Wall mounting of the holder is also possible. The fixing material for mounting on our stands is included in the delivery. The sturdy lever enables operation by forearm or elbow. It can be mounted in four different heights and is therefore suitable for many common bottles. Please note that the holder is not a medically certified product. Disinfectant is not included in the delivery.
