| Туре               | black                                                                    |

The universal support bracket can be adjusted in tilt and width. The support bracket can be adjusted to the individual instrument by converting the removable rubber pads. The newly designed V-shaped base for the endpin means it is easy to position the instrument in the stand. The stand is easy to fold compactly for transport.
