Useful desktop camera stand for mounting compact cameras, action cameras, web cams, mini-projectors and mobile recorders with a 1/4" connection thread. The ball joint allows the mounted equipment to be rotated 360° and fixed in any position. The height can be freely adjusted from 280 mm to 488 mm via two clamping levers. The tilt-angle is infinitely adjustable up to 90° and the load capacity is designed for equipment up to 1 kg. For transport, the tripod folds compactly to save space.
