The Featherweight! The compact footrest made out of aluminum only weighs an unbelievable 0.661 lbs. In spite of this, it is extremely stable and as such well suited as a mobile footrest for daily use. The height has 4 adjustments between 4.134 and 7.087". The footrest surface with integrated ribbing provides an anti-slip surface to rest one's foot on. Four robust end caps provide for the required grip.
