28070

Dulcimer stand

Product variant

28070-022-55 - black

Technical Data

Adjustment	continuous
Angle of inclination	0° to 83°
Base diameter	25.59"
EAN	4016842117819
Height	from 27.56 to 41.34"
Height adjustment	spring-loaded clamping knob
Instrument support	felt-lined
Leg construction	collapsible square tube legs
Material	steel
Musikinstrument	hackbrett
Size when folded	0.00 x 0.00 x 0.00"
Special features	length and width adjustable; folding base for easy transportation; additional levelling screw for uneven surfaces
Support depth	from 17.83 to 25.91"
Support width	from 12.20 to 19.69"
Type	black
Weight	6.9 kg

Extremely stable and robust dulcimer stand. The height of the tubular steel construction can be adjusted from 27.559 to 41.338". For a wobble-free stand, the foldable four-legged construction is equipped with a floor levelling screw. The instrument holder with clamp offers space for instruments with a depth of 17.834 to 25.905" and a continuous variable tilt up to 83° for an optimal playing position. Wide felt strips protect the instrument from damage. For transport, the stand can be folded simply and easily. The sheet music holder 11515 is optionally available.
