

28070 Dulcimer stand

Product variant

28070-022-55 - black

Technical Data

Type	black
Price display	
Material	steel
Visibility	
Instrument support	felt-lined
Base diameter	25.59"
Angle of inclination	0° to 83°
Special features	length and width adjustable; folding base for easy transportation; additional levelling screw for uneven surfaces
Musikinstrument	hackbrett
Support width	from 12.20 to 19.69"
Number of legs	4
Support depth	from 17.83 to 25.91"
Height adjustment	spring-loaded clamping knob
Height	from 27.56 to 41.34"
Leg construction	collapsible square tube legs
Adjustment	continuous

Extremely stable and robust dulcimer stand. The height of the tubular steel construction can be adjusted from 27.559 to 41.338". For a wobble-free stand, the foldable four-legged construction is equipped with a floor levelling screw. The instrument holder with clamp offers space for instruments with a depth of 17.834 to 25.905" and a continuous variable tilt up to 83° for an optimal playing position. Wide felt strips protect the instrument from damage. For transport, the stand can be folded simply and easily. The sheet music holder 11515 is optionally available.
