The »Picco« drummer's throne is a good choice, not just for the beginner, but for the advanced player too. A unique clamp with a patented push-button system affords user-friendly height adjustment. The handy clamping lever provides additional stability and a precisely fitted position. The stable double-braced steel leg construction with large floor protectors is the soul of this robust and reliable introductory model. The height is adjustable in 0.59" intervals from 19.488 to 25.984". The small footprint with a diameter of 21.26" makes the throne ideal when space is at a premium – and it is nonetheless stable. The comfortable upholstered seat with a durable, non-slip leather cover and a diameter of 11.811" does a great job, even when used over long periods of time. The swivel feature can be adjusted from smooth to stiff using the easy-to-use wing nut.
