It does not matter if you are playing guitar, keyboard or any other instrument; this practical stool provides you with the necessary support. The angle of the round imitation leather upholstered seat can be adjusted variably. The ideal position is easy to find - the stool’s height can be adjusted between 25.393-36.614". To provide for more comfort the footrest is also height adjustable. The sturdy base construction with integrated adjustable end caps ensure solid and stable footing. Great for transport! The stool is collapsible for easy and compact transport.
