

## 18969

# Keyboard stand for kids

### Product variant

18969-071-55 - black

### Technical Data

|                    |                                                                                                                                                                                                                                                         |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Height             | from 13.39 to 29.53"                                                                                                                                                                                                                                    |
| Visibility         |                                                                                                                                                                                                                                                         |
| Support width      | from 15.35 to 25.79"                                                                                                                                                                                                                                    |
| Max. load capacity | 110.231 lbs                                                                                                                                                                                                                                             |
| Support depth      | 13.78"                                                                                                                                                                                                                                                  |
| Special features   | additional locking positions on main X-tubes<br>for extremely low level usage;<br>slidable non-marring pads on the support<br>arms provide a firm fit also for smaller<br>keyboards;<br>adjustable end cap to stabilize the stand on<br>uneven surfaces |
| Type               | black                                                                                                                                                                                                                                                   |
| Shape              | X-stand                                                                                                                                                                                                                                                 |
| Price display      |                                                                                                                                                                                                                                                         |
| Adjustment         | two cross braces with inserted screw                                                                                                                                                                                                                    |
| Material           | steel                                                                                                                                                                                                                                                   |
| Quality level      |                                                                                                                                                                                                                                                         |

X-style keyboard stand, especially designed for children. Very low height-adjustable and easy to set up and fold. Unique adjustment mechanism insures the stand to open always to the desired height and width. Slidable non-marring pads on the support arms provide a firm fit also for smaller keyboards.
