Width from 40.87 to 60.04"

Price display

Max. load capacity 176.370 lbs

Material steel

The unique trolley sets your digital piano in motion. This is suitable for all common digital pianos, such as the Yamaha Clavinova CLP-800 series or the Kawai CA and CN series, and gives you extra mobility on stage, in schools and music schools, in the rehearsal room or at home. The adjustable width ranges from 40.866 to 60.039" and in depth, adjustment dimensions of 11.968 to 20.709" are possible. Thanks to the lockable castors and low-profile design, the digital piano can remain on the trolley even while playing.
