Special features	full-metal feet with sound-insulation rubber end caps provide excellent stability
Threaded connector	5/8"
Type	black
Weight	3.15 kg

Classic microphone stand for special requirements. With an adjustable height of 43.307 to 71.26", this powder-coated stand is particularly suitable for tall musicians. The base adds up to a diameter of just 17.323", therefore the stand is very space-saving. The sturdy full-metal feet with sound-insulation rubber end caps provide excellent stability and are simply folded for transport or storage.
