Stands For Music

26200

One-hand microphone stand »Elegance«

Product variant

26200-500-55 - black

Technical Data

Base diameter	10.83"
EAN	4016842823819
Height	from 41.54 to 68.31"
Height adjustment	one-hand clutch
Leg construction	round base
Material	rod combination made from aluminum, handle bar zinc die-cast
Quality level	
Rod combination	2-piece folding design
Special features	knurled screw is impossible to lose; silent and smooth height adjustment; stable, lightweight round steel base with plastic cover; circumferential rubber profile reduces undesirable vibration and footfall noise
Threaded connector	5/8"
Type	black
Weight	3 kg

The new star in your show!
The avant-garde, one-hand microphone stand is setting new standards in design and function. The elegant combination of triangular-shaped sections and the new design of the slender one-hand adjustment mechanism go harmoniously with standard microphone clips and microphones. The integrated knurled screw is impossible to lose and makes tightening and positioning the microphone clip easy. The stand’s simple elegance loses nothing by the addition of König & Meyer’s classic swivel arm. The height of the stand can be adjusted soundlessly, simply and easily using the unique one-hand clutch. The stand is significantly lightweight, but nonetheless stable due to the ingenious round base with an integrated steel plate with an attractive plastic cover. The base’s circumferential rubber profile reduces undesirable vibration and footfall noise even when the stand is tilted far over to the side. Damage to flooring (e.g. parquet) is also prevented.
