Stands For Music

26145

Microphone stand

Product variant

26145-500-55 - black

Technical Data

Base diameter	11.81"
Boom arm	2-piece telescopic design
Boom arm clamping	T-bar locking screw
Boom arm length	from 17.13 to 29.33"
EAN	4016842825264
Height	from 39.37 to 66.93"
Height adjustment	clutch
Leg construction	heavy round cast-iron base
Material	steel
Quality level	
Rod combination	2-piece folding design
Special features	slim clutch; tall tubing combination; big tubes provide a modern look and a superior stability
Threaded connector	5/8"
Type	black
Weight	6.2 kg

Significant Stand Point! The larger tubing reaches a height of 66.929" and as such is well suited for taller individuals. The sleek clutch provides for user friendly height adjustment and it is easy to fix in place. A very heavy round cast-iron base with a diameter of 11.811" provides the stand with both exceptional stability and a small footprint. The circular rubber insert ring filters foot step sounds and reduces the transmission of unwanted sounds. The stand weighs 13.656 lbs and is equipped with an extendable boom.
