Special features adjustable in angle and depth;
high-quality, flexible clamp

Type black

Clamping range up to 1.889"

Price display

Material steel

The position (angle) and depth to the stand tube of the tilting 11.811 x 7.874" Music Sheet Holder is adjustable. The music table has a depth of 1.181". The flexible clamp makes it easy to mount the holder in a wide variety of directions. The clamp can be attached to tables (0 to 1.889" thickness). The sturdy metal frame of the clamp is equipped with high-quality plastic inserts and the non-slip coating ensures that the clamp provides a secure and powerful hold. Thanks to the specially formed clamping surface, the clamp can be used on flat surfaces such as tables or shelving, as well as on round tubing. The holder is collapsible for easy transport.
