Height adjustment	locking screw with push-button system
Price display	
Material	aluminum
Quality level	
Base diameter	48.74"
Tube end(s)	diameter 1.378"

Stable and sturdy speaker stand with aluminum tubes. Solid base tubes with 1.378" diameter and large rubber end caps guarantee a stable and safe stand. The compact clamp with the push-button system enables a user-friendly height adjustment of the stand. The clamping screw provides additional stability and a vibration-free hold of the speaker. Further special features are the pull-out guard for the extension tube, the integrated shock absorber and mounting aid for the speaker cabinets. The stand is foldable for easy transport.
