Quality level	
Max. load capacity*	66.139 lbs
Height	from 43.31 to 71.26"
Type	black
Base diameter	17.72"
*	With centric loading, on a horizontal surface and without lateral forces (wind, shocks etc.)
Price display	
Material	steel
Tube end(s)	diameter 1.378"

A decorative space saving speaker stand. The heavy cast iron plate with a relatively small diameter requires little space. The tried-and-tested spring-loaded bolt with locking screw makes height adjustment easy and safe. The stand has a maximum pull-out height of 70.079" and is suitable for speakers with a maximum weight of 66.138 lbs. The integrated mounting aid simplifies mounting the loud speaker cabinets.
