Special features	also suitable as ceiling mount

The practical wall and ceiling mount for smaller loudspeakers has been upgraded. A new feature is a cable outlet, which now provides an internal cable guide for hidden installations. Thanks to two special threaded pins and the Allen wrench / hexagon key included in the delivery, the universal joint can be positioned and set exactly. As such the load capacity increases to 22.026 lbs. The wall distance has been reduced to 6.299".
