Material steel

Mounting attaches to ceilings

Adjustment continuous

Robust and useful loudspeaker ceiling mount with 9.842" distance and internal cable management. The swivel area is +/-45 °. Within the parameters - the settings range from 0 to 45°. The clamping bracket is for loudspeakers with a vertical mounting template from 2.75 to 3". For other attachment possibilities additional adapter brackets are available. A mounting bracket with side and central cable management makes mounting to the ceiling easier.
